Minutes (airtime) minutes and weekend minutes quoted above are local wireless (no long distance or digital roaming charges) for calls made from the VoiceStream home digital service area to the selected VoiceStream home calling area. Weekends are defined as midnight Friday through midnight Sunday. Incoming and outgoing calls are rounded up and billed at full minute increments from the time the network begins to process the call before the call ends or is processed through to termination of the call. All allowed airtime minutes must be used in the month provided and do not carry over. No guarantee that no other carrier gives you a greater combination of unrestricted local minutes and included features for \$39.99 a month. Based on competitors' published non-promotional consumer rates for unrestricted local airtime. Applicable taxes, assessments, tolls, and dual-mode (dual) long distance and roaming charges are additional. An activation fee will be charged for each line of service. Our digital PCS system is not compatible with analog TV which may delay or prevent emergency calls. Additional restrictions may apply. Call 1-800-553-0887 or see a VoiceStream representative for more details. VoiceStream is a registered trademark of VoiceStream Wireless Corporation.
