**FREE
DELIVERY**

The Water Country promotion is for a limited time only, available only at Custom Wireless locations, while ticket supplies last, or through August 15, 2001. A \$55 dollar fee will be charged to customers who return their phone without returning the Water Country tickets at the same time. One pair of tickets per activation. Other restrictions apply. See Custom Wireless sales rep. for more details. Pictures are for illustration purposes only, phones are not for use in water. Incoming and outgoing calls are rounded up and billed in 60 second increments from the time the network begins to process the call (before the call rings or is answered) through its termination of the call. All allocated anytime minutes must be used in the month provided and do not carry over. We guarantee that no other carrier gives you a greater combination of unrestricted local minutes and included features for \$39.99 a month, based on competitors' published non-promotional consumer rates for unrestricted local airtime. Applicable taxes, assessments, tolls, and dual-mode (Analog) long-distance and roaming charges are additional. An activation fee will be charged for each line of service. Our digital PCS system is not compatible with Analog TTY which may delay or prevent emergency calls. Additional restrictions may apply. Call 1-800-937-8987 or see a VoiceStream representative for more details. VoiceStream is a registered trademark of VoiceStream Wireless Corporation.
